Lachine, January 22<sup>nd</sup>, 2010

The Lac St. Louis Regional Referee Committee hosted a 2-day Referee Instructor workshop at the Catalogna Soccerplexe on January 16 & 17, 2010. Organized by the Quebec Soccer Federation and Lac St-Louis, the workshop introduced modifications to the Canadian Soccer Association's training program for Entry Level Referees.

A total of 7 instructors, including six from Lac St. Louis, attended the workshop for re-accreditation under the CSA Referee Instructor program. The workshop included in-class and on-field instruction as well as practical presentations by the attendees. The event was coordinated by Mr. Manuel Sousa and Mr. Tiger Liu, both National Instructors. To assist the instructors with the practical portion of the workshop, 12 referees from the Lac St. Louis Winter Development Program participated in the on-field exercises giving the instructors realistic practical experience for presenting the new referee program.
